

Volcano

Whether you choose the VOLCANO CLASSIC or the VOLCANO HYBRID, in combination with the EASY VALVE system, effective and pure inhalation is guaranteed.

- High quality materials and craftsmanship
- Exceptional vapor quality
- 6.5 cm³ sized Filling Chamber
- Practically no draw resistance out of the Valve Balloon

HYBRID Exclusive:

- Inhalation with Tube System
- Remote Control App
- 6.5 cm³ sized ceramic coated Filling Chamber

Mighty+

Portable, yet highly efficient. The battery-powered MIGHTY+ uses a patented combination of full hot air convection heating and additional conduction, which ensures an efficient vaporization from the very first draw. Two Lithium Ion Batteries make the MIGHTY+ particularly powerful.

- USB-C charging socket
- Supercharge function: 80% charge in 40 minutes
- 2 high performance Lithium-Ion Batteries
- 1.4 cm³ sized ceramic coated Filling Chamber
- Exceptional air flow
- Pure taste
- Temperature control on the device

Crafty+

The battery-powered CRAFTY+ is the perfect companion for all your pursuits. Handy and compact, the CRAFTY+ provides you with outstanding vapor quality, flavor and air flow for elevated everyday experiences. Don't sacrifice performance for portability - get both with the CRAFTY+.

- USB-C charging socket
- One-button control
- LED display
- 3 pre-set temperatures
- 1.4 cm³ sized ceramic coated Filling Chamber
- Exceptional air flow
- Pure taste
- App control

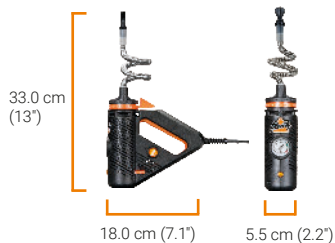

THE REINVENTION OF AN ICON.

FEEL MIGHTY. BE MIGHTY.

CRAFTING ADVENTURES.

Plenty
